

High Adventure Programs

McKee Adventure Program (MAP) for Scouts AND Venturers (offered the 1st- 3rd weeks)

McKee Adventure Program features experiences that take participants all over the Red River Gorge to experience some of the most popular programs there, along with their time spent at camp. The purpose of the program is to offer an alternative to Scouts (13 and older) who may find the traditional merit badge program does not fit their needs anymore. Exact schedule is subject to change based on vendor availability but here is the expected schedule.

Scouts/Venturers do NOT have to attend this program the same week their troop/crew attends. They can fill out the provisional camper form and attend by themselves, with a friend, etc. There is an additional \$80 fee associated with this program to cover transportation and off-site activities.

Adult leaders are welcome to participate in this program also. Note: Leaders will still need to have two deep leadership on camp property at all times. If you are an adult and are interested in participating in this program, please register yourself for the program just like you register your Scouts for merit badge classes.
